*Military Sponsorship Program*

General Dynamics IT's Military Sponsorship Program is a volunteer initiative that supports veteran new hires that are transitioning directly from the military. Our goal is to match new hires who are veterans with General Dynamics IT employees who have experience with transitioning military or are a veteran themselves in order to address challenges that can occur during a major transformational event such as separation from the military.

General Dynamics is proud of the contributions its thousands of veterans have made in uniform and are still making today as part of this great company. Our Veterans Focus Group serves to:

- Recognize the service of our veterans
- Unify our veterans by celebrating their service
- Support our own during times of duty and hardship
- Serve and inform those wearing our country's uniform

Transitioning veterans will have the opportunity to connect with a fellow veteran during the onboarding phase of hiring process. We want to remove the fear of the unknown for transitioning veterans and make you feel welcome to General Dynamics IT and private industry.

## **About General Dynamics Information Technology**

As a trusted systems integrator for more than 50 years, General Dynamics Information Technology provides information technology (IT), systems engineering, professional services and simulation and training to customers in the defense, federal civilian government, health, homeland security, intelligence, state and local government and commercial sectors. Headquartered in Fairfax, Va., with major offices worldwide, the company delivers IT enterprise solutions, manages large-scale, mission-critical IT programs and provides mission support services. General Dynamics Information Technology is one of two business units that comprises the General Dynamics Information Systems and Technology business group.
