

Hello World, Welcome to General Dynamics Information Technology

To reinforce our success as an industry leader helping our customer complete critical missions, General Dynamics Information Technology (GDIT) is offering a \$10,000 External Referral Bonus. To qualify, you must refer applicants with a Top Secret/SCI with Poly security clearance and those applicants must be hired between January 19th and March 30th, 2018.

To make a referral, visit the GDIT Careers page at www.gdit.com/jobs, and locate the qualifying requisition by searching for keyword 2018-35970. Then refer that job to your friend.

The applicant must reference your full name in their job application and complete 60 days of full-time regular employment for you to be eligible for the bonus.

We have a variety of development opportunities including, but not limited to, the following areas:

- Languages: Java, Ruby on Rails, Python, C#/.NET, Scala
- Web Development: JavaScript (Angular, Ember, React), HTML, CSS, PHP, ASP.NET, SharePoint
- Big Data: Hadoop, Spark, ETL, NoSQL, MongoDB, Solr, ElasticSearch
- QA: Automated Testing (Selenium), Regression, Continuous Integration, Unit, Manual

View the open requisition associated with this bonus [here](#). Contact SWDevIC@gdit.com with questions.

Please take a moment to review HR-Policy-403 to ensure your referral is eligible.
General Dynamics Information Technology is an Equal Opportunity/Affirmative Action Employer – Minorities/Females/Protected Veterans/Disabled
